

PRESS RELEASE

FOR IMMEDIATE RELEASE

Metegridy Inc. forms partnership with Globeactive Ltd.

Edmonton, Alberta. July 11, 2018 | Metegridy, a leading software company of quality and asset integrity management solutions for plants, pipelines and facilities, has entered into a partnership with Globeactive, a leading service company that provides engineering and facilities integrity management services to international operators. This partnership will provide owner operators with a complete offering of integrity services and tools to support their assets. It will help operators gain control over asset health and lifecycle, extend inspection intervals, and increase production uptime that results in cost savings and a reduction in asset liabilities.

“Metegridy is excited to work with Globeactive,” said Heidi Pollack, Manager of Partnerships at Metegridy. *“This relationship will help extend our global reach into new markets.”*

“Globeactive’s clients have repeatedly expressed interest in the cost saving benefits of state-of-the-art technology and programs to manage their integrity. Metegridy’s proven excellence and experience as a world leader in technical software is an ideal fit to address this need,” said Massin Madi, Director for Globeactive. *“Visions® asset integrity management (AIM) software from Metegridy will complete Globeactive’s engineering and integrity services by adding a comprehensive AIM solution to our current offering.”*

“We are pleased to announce this partnership with Metegridy,” Madi continued. *“This partnership will combine and strengthen our facilities’ integrity services and solutions to our clients.”*
